

KinderPrep Supplemental Pattern Activity

Sing the song to your child. Sing it often, so that they can memorize it and sing it with you. Have your child cut out the leaves. Make an AB pattern that follows the song: red, yellow, red, yellow. Can your child continue the pattern? What other patterns can they make? After making different patterns, let your child glue the leaves on and under the tree so that they practice using glue.

Fall Leaves Song

Tune: Have You Ever Seen a Lassie

Have you ever seen a leaf, a leaf, a leaf,
Have you ever seen a leaf that falls off a tree?
A red one, a yellow one, a red one, a yellow one,
Have you ever seen a leaf, that falls off a tree?
