Happy Patron Stories

A patron just described Caden on Vacation as "The Dark Times" because her children were "lost without new lizards and dragons." – Melissa Rivers

I just had a mom come up to me and ask if we have any books with lesbians. Apparently, her daughter just came out so mom and dad are trying to show her that they love and support her. The daughter was too scared to ask me herself, but Mom was very excited when I told her we have plenty of lesbian books and gave her a copy of the YA LGBTQ bookmark to get her started. She was so thankful to be in a space where her daughter is welcome and represented. 🌈

A teen was here with her mom and sister and said it was her birthday and all she wanted was to come to the library. 🥳 - Sami Viehweg
