Our Swing

Introducing our newly manufactured, commercial grade, RockSolid bench swing. This beautiful swing was designed with durability and comfort in mind. Our swing operates on a bearing system that gives it a fluid motion. The heavy gauge steel comes in a variety of powder coat colors.

Customize your swing

Stained Wood

Stained wood is a beautiful option. The staining process we use really makes the wood grain stand out. Choose from a variety of stain colors.

Composite Wood

The composite wood used in our swing is manufactured in the U.S.A. It is a long lasting maintenance free, recycled product.
