
Bulletin Board Display Policy

The Idaho Falls Public Library provides space for patrons to display items of interest to the community. Patrons wishing to post items of interest may do so on the bulletin boards and display pillars located in the airlocks on the north and south end of the library. Only items related to library functions, library partnerships/collaborations and the City of Idaho Falls and its associated divisions and community partnerships/collaborations of those divisions may be posted on bulletin boards or display pillars located in the main library.

Bulletin boards and display pillars will be cleared off on the first day of each month or as close to that day as reasonable.

Adopted December 18, 2025
